### MADHUBANI

Madhubani is a style of painting which is India's most loved art form. It is said to have originated in Madhubani village of Bihar. Made with rice powder, twigs and natural colours, these paintings portray the daily lives of common folk and various occasions such as birth, marriage and other festivals.

Artists create these paintings using a variety of mediums, including their fingers, brushes, nib-pens and matchsticks. The colours are created using natural dyes and pigments. These paintings, characterised by their eye-catching geometrical patterns, have also found worldwide recognition.
